page 1 von 1

According to the general requirements, only modules with UNICERT IV level can be included in the English Master's programme Aerospace Engineering in the Studium Generale.

UNICert IV

- 41-21-0476 Discussion of Current Issues in Science and Technology I
- 41-21-0486 Discussion of Current Issues in Science and Technology II
- 41-21-0416 Research Paper Project I
- 41-21-0426 Research Paper Project II

The following exceptions are additionally possible:

The listed modules correspond to the requirements of the Department of Mechanical Engineering for the Studium Generale area of the Master's programme Aerospace Engineering and can be selected in TUCaN.

UNICert III

General language

- 41-21-0216 Advanced General Language Course for Science and Technology Students I
- 41-21-0226 Advanced General Language Course for Science and Technology Students II
- 41-21-0236 Advanced Oral Communication Skills for Business and Technology/Engineering I
- 41-21-0246 Advanced Oral Communication Skills for Business and Technology/Engineering II
- 41-21-0436 Advanced Oral Communication Skills for Science and Engineering I
- 41-21-0446 Advanced Oral Communication Skills for Science and Engineering II

UNICert III

Technical language

- 41-21-0406 Advanced Academic Writing
- 41-21-0326 English for Industrial and Mechanical Engineering I
- 41-21-0336 English for Industrial and Mechanical Engineering II
- 41-21-0346 English for Mechanical Engineering I
- 41-21-0356 English for Mechanical Engineering II
- 41-21-0366 English for Science I
- 41-21-0376 English for Science II
- 41-21-0566 Writing as an Engineer

Note: Please note that early registration for language courses is usually necessary at the Language Centre! In general, you will also have to take a **placement test** in advance.
