Please note that according to APB § 23 (5) the completion time of a thesis can be extended by a maximum of half of the completion time.

Extension Due to Disease

- In case of illness, the completion period will be extended by the certified time. The corresponding certificate must be sent as an e-mail to pruefungsmanagement@mechcenter.tu-darmstadt.de. Please keep the original for one year for possible requests.

Extension by Request

- In cases of hardship, an extension of the completion time is only possible with a justified application to the Dean of Studies; to be submitted as an e-mail to pruefungsmanagement@mechcenter.tu-darmstadt.de
The professor must support your request with his/her signature and – in case of technical reasons – confirm the need of the extension.

Note: Successful completion of a thesis requires appropriate project and time management. Justified requests for extensions should be submitted in time.
